SCHOOL DISTRICT OF MYSTERY LAKE SEXUAL HARASSMENT POLICY

The School District of Mystery Lake has developed this Policy through a committee comprised of union representatives, a teacher association representative and administrators. The Policy is intended to govern the conduct of all staff and trustees of the School District in their relations with each other.

Preamble

The Board of Trustees and the Unions/Associations recognize that the problem of sexual harassment may exist. However, the parties agree that sexual harassment will not be tolerated in the workplace or in connection with the workplace. Any person who is in breach of this policy may be subject to disciplinary action or discharge.

Definition

Sexual harassment is any unsolicited and unwelcome sexually oriented behaviour. It applies to employees of either sex. It may include but is not limited to the following:

- unwanted sexual attention of a persistent or abusive nature, made by a person who knows or ought reasonably to know that such attention is unwanted;
- implied or expressed promise of reward for complying with a sexually oriented request
- implied or expressed threat of reprisal, in the form either of actual reprisal or the denial of opportunity, for refusal to comply with a sexually oriented request.
- unwelcome remarks, jokes, innuendoes, propositions, or taunting about a person's body, attire, sex or sexual orientation,
- displaying of pornographic or sexist pictures or materials.

Prevention / Minimize Sexual Harassment Claims:

The School District of Mystery Lake should:

1. Follow the policy.
2. Clearly and regularly communicate the policy to all supervisory and non-supervisory employees, express strong disapproval of sexual harassment, explain the sanctions for such conduct.
3. Ensure privacy, provide effective remedies, protect witnesses and victims against retaliation.
4. Post policy clearly at work sites.
5. Develop a process to educate current and future employees including trustees.

The Process for Dealing with Sexual Harassment

Between Two (2) Employees:

Where an employee is of the opinion that he/she has been or is being sexually harassed by another employee, the employee may be expected to do the following:

- as a first step, try and resolve the problem by informing the offender that what is being said or done is offensive and ask that such behaviour stop, unless the employee is feeling so insecure or threatened or intimidated, that the employee may go directly to the second step.
- as a second step, try and resolve the problem by involving the union representative(s) of either or both parties.
- as a third step, report to the immediate supervisor for resolution of the problem unless the immediate supervisor is the alleged offender.
- as a fourth step, report to the Superintendent of the School District for resolution of the problem.
- as a fifth step, draw the attention of the Board of Trustees to the problem.

It is recognized that the alleged offender and victim may belong to the same union/association (USW 8223-13 or USW 8223-00 or TTA) or a different union/association. The above steps would need to be followed regardless of which union the parties belong to.

SEXUAL HARASSMENT POLICY...continued...

Between Employee and Supervisor:

If, on the other hand, the employee is being harassed by a supervisor, then the following steps may need to be followed:

- as a first step, try and resolve the problem by informing the supervisor that what is being said or done is offensive and ask that such behaviour stop, unless the employee is feeling so insecure or threatened or intimidated, that the employee may go directly to the second step.
- as a second step, try and resolve the problem by involving the union representative(s).
- as a third step, try and resolve the problem by reporting to the next line supervisor.
- as a fourth step, try and resolve the problem, by reporting to the Superintendent.
- as a fifth step, draw the attention of the Board of Trustees to the problem.

Between Employees and Trustee:

Where an employee is of the opinion that he/she has been or is being sexually harassed by a member of the Board of Trustees, the employee may do the following:

- As a first step, the employee with Union representative(s), try and resolve the problem, involving the Trustee, as to what is being said or done is offensive and ask that such behaviour stop.
- As a second step, draw the attention of the entire Board of Trustees to the problem.

Between Employees and Third Parties:

Where an employee feels harassment from third parties (i.e. suppliers, carriers, sales representatives, parents) then it is expected that the employee will notify his/her immediate supervisor for resolution of this matter.

Time Lines

It is important that the matter at each step (stage) be dealt with as expeditiously as is feasible or at the latest within one to 2 weeks (10 school days) unless extended due to extenuating circumstances.

Consequences / Actions by the Board of Trustees

The Board or designate after investigating the complaint, shall have the authority to:

1. dismiss the complaint; or
2. determine the appropriate discipline; and/or
3. take any action which in the opinion of the Board may be necessary.

Please note that your monthly benefit is directly reduced by any benefits you may receive from other group insurance or government plans.

To qualify for benefits during the first 24 months of a disability or sickness, the only requirement is your inability to perform the normal duties of your own occupation and to remain under the continuous care of a physician. Thereafter benefits continue on the basis of total disability, that is, the inability of the employee to perform any duties for remuneration or profit for which he or she is reasonably fitted by education, training or experience.

As an incentive to encourage a person to return to gainful employment prior to full recovery, provision is made for attempts at rehabilitative employment at the option of the disabled member without forfeiting benefits under the plan. Benefits are reduced by only 50% of the basic monthly earnings from any rehabilitative employment. This enables a person to receive a greater total income (for up to 24 months) by returning to work. If an employee is receiving earnings under a rehabilitation program, there is a further overriding provision that applies to the total benefits co-ordination so that the employee's income from all sources while disabled does not exceed his pre-disability level of income. Therefore, the salary continuance benefit would be further reduced so that income from all sources, including 100% of one's earnings from rehabilitative employment do not exceed 100% of one's pre-disability income.

ELIGIBILITY

Benefits are available to all regular full time employees and regular part time employees who work an average of half time or more.

Newly hired employees are eligible for pension, prescription drug, vision care and dental benefits immediately upon employment.

New employees joining the Salary Continuance Plan are covered on the day they commence work, with the exception of any disability that prevented, or would have prevented them from performing their normal occupation in the 30 day period immediately before they commenced work. This disability will not become covered until such time as the employee is capable of performing his regular occupation for a period of 30 days, uninterrupted by that disability.

You may join the Group Insurance Plan on the date you begin employment. If you are absent, your eligibility will date from your first day of work.

Please refer to specific benefit plans for complete information on eligibility and enrolment.
