Closing Address—Adam Lambert
Saturday, March 20, 1:00 p.m.

Starting at the age of 14, Adam Lambert spent his maturing years on the street. He was a squeegee kid and punk rocker who hitchhiked his way across Canada. In the process, he became addicted to drugs. Then, RaY (Resource Assistance for Youth) came into his life with the Operation Go Home program. With RaY's support, Adam got off drugs and found both a home and ultimately a job. Adam, who is currently completing grade 12, will share his story with us in the closing address of our 2010 convention.
