## 58th Annual Convention Friday, March 11, 2022

MANITOBA  
**School Boards**  
ASSOCIATION

The theme **Strong today, Stronger tomorrow, Strongest together** sets the stage for our programming for this fast-paced day. A panel discussion centred on the theme, **Building the Future of Education**, will be the opening keynote presentation. Todd Cuddington, Superintendent, Portage la Prairie SD, will moderate the conversation with perspectives from Lesley Eblie Trudel, Associate Dean and Assistant Professor, University of Winnipeg; Luanne Karn, Parents for Public Education; and Brie Villeneuve, grade twelve student. The panel will provide delegates with a well-rounded representation of what they believe would improve public schools in our province, which will help guide discussions and decisions of education partners, government and the public in the future.

The one-day virtual event also includes business sessions that give trustees a voice in the future of their association.
