Building strong reading and writing skills

#ThisLocalChoice

Initiatives like this depend on

Local Voices Local Choices

Because schools belong to communities

River East Transcona School Division is proud to be a leader in providing intensive literacy supports based on the philosophies of educator and author Regie Routman. As a result of these supports, students have shown greater independence, confidence, and skill. The quality of their writing has grown, and they're better prepared for success. This focus across a division and across levels is a "first of its kind in North America," according to Ms. Routman.
